

ROOF RACK BAR-SPREAD REQUIREMENTS:

(DISTANCE BETWEEN TOWERS)

1 OR 2 BIKES..... 16" min. - 38" max.

MORE THAN 2 BIKES ON ROUND OR SQUARE BARS ONLY:

3+ BIKES..... 18" min. - 38" max.

ORIGINAL FACTORY BAR WEIGHT LIMITS

2 bike = MAXIMUM LOAD

EACH BIKE = 30 lbs./14 kg

(DO NOT EXCEED RACK WEIGHT LIMIT)

ORIGINAL FACTORY AND AERO BARS

UNIVERSAL ATTACHMENT HARDWARE

IMPORTANT WARNING

IT IS CRITICAL THAT ALL PRORACK RACKS AND ACCESSORIES BE PROPERLY AND SECURELY ATTACHED TO YOUR VEHICLE. IMPROPER ATTACHMENT COULD RESULT IN AN AUTOMOBILE ACCIDENT, AND COULD CAUSE SERIOUS BODILY INJURY OR DEATH TO YOU OR TO OTHERS. YOU ARE RESPONSIBLE FOR SECURING THE RACKS AND ACCESSORIES TO YOUR CAR, CHECKING THE ATTACHMENTS PRIOR TO USE, AND PERIODICALLY INSPECTING THE PRODUCTS FOR ADJUSTMENT, WEAR, AND DAMAGE. THEREFORE, YOU MUST READ AND UNDERSTAND ALL OF THE INSTRUCTIONS AND CAUTIONS SUPPLIED WITH YOUR PRORACK PRODUCT PRIOR TO INSTALLATION OR USE. IF YOU DO NOT UNDERSTAND ALL OF THE INSTRUCTIONS AND CAUTIONS, OR IF YOU HAVE NO MECHANICAL EXPERIENCE AND ARE NOT THOROUGHLY FAMILIAR WITH THE INSTALLATION PROCEDURES, YOU SHOULD HAVE THE PRODUCT INSTALLED BY A PROFESSIONAL INSTALLER SUCH AS A QUALIFIED GARAGE OR AUTO BODY SHOP.

1 Install pads to one set of mounts.

Press a pad into the smaller bail (marked "A").

Press a pad into the backbone. (You may need to rotate the pad to fit correctly.)

2 Attach small bail to backbone.

Use the upper hinge slot on the backbone.

3 Place the mount onto the bar, opening toward the front of the car.

- Close and compress the mount around the bar.
- Insert a short hex bolt into the hex opening in the barrel sleeve, and insert into mount.

**Bolt threads
MUST
extend
below
the
closed bail.**

IF THE BOLT DOES NOT EXTEND, remove the bail, and set the end into the lower slot.

Always use the short bolt with small bail — and long bolt with large bail.

4 If the bolt threads still do not extend below the closed bail:

- Use the larger bail (marked "B") with longer bolt.
- Repeat step 2 and 3.

**Always install
the pad on the
bail for this
fitting process.**

5 Attach the thumb-wheel:

If there is any looseness, or the mounts can slide on the bar, follow the fitting process again.

**Repeat the fitting
process until the factory
bar mount conforms
to the size of your roof
rack bars when the
wheel is tightened.**

6 Remove the fitted mount from the bar.

- Assemble the remaining mounts, and carefully set them aside.
- Do not discard the unused parts (you may use them on future vehicles).

7 INSTALL GREY KNOB

- Choose access from passenger or driver side.
- Grey knob should face you when the bike carrier is attached to wheel tray.

8

- Place the Guide Plug into the hole on one side of the jaws.
- Slide the grey knob's bolt threads through the guide plug.

9

- Insert the Threaded Plug into the other hole.
- Place spring between guide plug and threaded plug.
- Slide knob through spring and into threaded plug.

10

Turn the grey knob clockwise to engage the threaded plug.

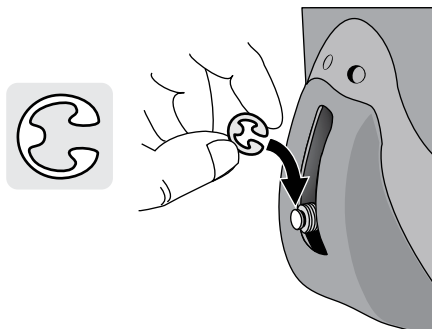

11 Tighten knob completely until threaded end is exposed.

12 Slide the "E" clip into groove on end.

A coin or a key may provide added leverage.

13 Open grey knob completely.

14 Attach wheel tray to hoop assembly.

- Insert baseplate bolt head 8" into slot in wheel tray.
- Use the washers and wing nut to attach the hoop baseplate onto this bolt.
- Slide the wheel tray bolt into the track at the other end of the wheel tray.

ON SOME SMALLER BIKES—

If the wheel straps need to be between the roof rack bars, slide them onto the wheel tray now.

STANDARD BIKES:
Install wheel straps outside the roof rack bars after step 16.

SMALLER BIKES ONLY:

Slide the open wheel straps onto the wheel tray with the red buttons towards you.

15 Combine tray/hoop assembly with universal attachment hardware.

Remove the upper pads before continuing.

- Insert a long carriage bolt through the bike carrier's baseplate.
- Add the spacer between the baseplate and backbone, and secure with nut.
- Tighten with supplied wrench.
- Reattach the upper pad.

REAR WHEEL TRAY requires the short carriage bolt.

Spacer positioning—

If your roof rack bars are angled, and the spacer is not flat against the baseplate, loosen the carriage bolt and rotate the spacer as needed. You will need to remove the pad. Be sure to replace it once the bolt is tightened.

16 Install wheel straps

(if not installed earlier)

Slide the open wheel straps onto the wheel tray with the red buttons towards you.

17 Install tray end caps

Load and Secure your bike — (bike weight limit is 30 lbs.)

18

Set your bicycle in the wheel tray with the hoop lying flat between the wheels.

NOTE:
The front wheel of the bicycle must rest inside the hoop.

19

Raise hoop and roll bicycle forward as jaws meet the down tube.

20 In the open position, jaws should clear the bike frame.

The bike carrier can mount above or below most attachments, such as waterbottles.

To avoid paint wear, clean contact points on frame before tightening Jaws.

Some attachments on the down tube must be removed if the jaws cannot attach above or below them.

21 Tighten grey knob

Do not overtighten!

22 Pull the strap through wheel spokes on the front and rear wheels.

Do not let the strap push against the valve stem.

23 Close the straps

- Insert the strap end behind the red tab.
- Tighten the strap by repeatedly lifting the grey tab.

Do not overtighten the strap!

- 24**
- If the wheel is still loose in the tray slide the strap in the tray until it rests against the rim.
 - Tighten again.

25 UNLOADING BICYCLE:

Release the strap by pushing the grey button.

Unscrew grey knob and roll bicycle out of hoop.

26 BEFORE DRIVING AWAY

- Check the knob.
- Check both wheel straps.
- **TIGHTEN IF NECESSARY.**

Do not overtighten!

Off-road driving is not recommended and could result in damage to your vehicle or your bike.

Do not transport bicycles with attached baby seats, panniers, wheel covers, full bike covers or motors.

FACTORY BAR MOUNTS (FACTORY CROSSBARS ONLY)

REMOVING YOUR CARRIER

Unscrew the wheels, carefully remove your accessory from the car.

RE-INSTALLING CARRIER

- Carefully tighten the thumb-wheels after every reinstallation.
- FOLLOW SAFETY CHECKS IN ACCESSORY INSTRUCTIONS EVERY INSTALLATION .

REAR HATCH

Some longer loads may prevent the rear hatch from fully opening.

ALWAYS USE CAUTION WHEN OPENING YOUR HATCH.

ANTENNA

Antenna on the roof may need to be removed to prevent interference with long loads.

WARNING: BE SURE ALL HARDWARE IS SECURED ACCORDING TO INSTRUCTIONS. ATTACHMENT HARDWARE CAN LOOSEN OVER TIME. CHECK BEFORE EACH USE, AND TIGHTEN IF NECESSARY.

MAINTENANCE: Use non-water soluble lubricant on screws. Use a soft cloth with water and mild detergent to clean plastic parts.

REMOVE ACCESSORY BEFORE ENTERING AN AUTOMATIC CAR WASH.

THREE YEAR WARRANTY

LIMITED WARRANTY: Prorack Products ("Prorack") will repair or replace merchandise which proves defective in materials and/or workmanship. The limited warranty is effective for three years from the date of purchase. The limited warranty is applicable only if the instructions are followed and the products are used properly. If a customer believes that a Prorack product is

defective, the customer must return it to an authorized Prorack dealer with proof of purchase. Prorack will then issue authorization to the dealer for the return of these products. If an article is found to be defective upon inspection by Prorack, Prorack will repair or replace the defective article at its discretion without charge. The customer will pay freight to Prorack, and Prorack will pay any applicable return freight. Unauthorized returns will not be accepted. Normal wear and tear of Prorack products or damage resulting from misuse, accidents, or alterations are not covered by this Limited Warranty. The purchaser acknowledges that Prorack has no control over the attachment of its products to vehicles or the attachment of items to the Prorack products. Accordingly, Prorack cannot assume responsibility for any damage to any property arising out of the improper attachment or use of its products. In addition, this Limited Warranty is not transferable and applies only to Prorack products and not to other products used in conjunction with Prorack products. This Limited Warranty is in lieu of all other warranties, expressed or implied, and does not cover consequential damages of any kind that may arise from the use or misuse of any Prorack product.

KEEP THESE INSTRUCTIONS

WARRANTY & DISCLAIMER

Yakima Australia Pty Ltd ABN 58 154 440 221

17 Hinkler Court, Brendale QLD 4500

Tel: 0800 4776 722 (NZ) or 1800 143 548 (AU) Email: warranty@yakima.co.nz or warranty@yakima.com.au

1. Where the product is supplied to the customer for other than business purposes within the meaning of section 43 of the New Zealand Consumer Guarantees Act 1993, the provisions of that Act shall apply. It is important that anyone who fits or uses this product does so in accordance with the manufacturer's instructions.
2. Where the product is supplied to the customer for business purposes within the meaning of section 43 of the New Zealand Consumer Guarantees Act 1993, the provisions of that Act and all other representations or terms (including any conditions or warranty expressed or implied by law, statute or otherwise) not expressly included in this leaflet are hereby expressly excluded shall have no effect and the clauses (a) and (b) shall apply.
3. Subject to the Additional Information (Australia), where the product is supplied and purchased in Australia, the following shall apply:
 - (a). **THE SUPPLIER WARRANTS** the product to be free from defects in materials and/or workmanship for a period of three (3) years from the date of original purchase (the warranty period). Proof of purchase is required. Subject to the limitations and exclusions set out below, the Supplier hereby agrees to remedy any defects in materials or workmanship becoming apparent during the warranty period, by replacing or repairing any defective product or component (at its option) free of charge to the purchaser in respect of replacement parts or labour. Any defective product or component must be notified and where practicable, returned at the purchaser's expense to the Supplier immediately upon discovery of the alleged defect and no attempt made on the part of the purchaser to repair it.
 - (b). **EXCEPTIONS, EXCLUSIONS AND LIMITATIONS TO WARRANTY.** The product and/or its components must be fitted/assembled and loaded in accordance with the Supplier's written instructions and any requirements set out in the car's owner manual. This warranty does not cover defects, loss or damage resulting from circumstances beyond the Supplier's control including, but not limited to misuse, overloading, or failure to assemble and/or fit the product or component in accordance with the Supplier's written instructions. Nor does the warranty cover defects, loss or damage resulting from accidents, unlawful use of the vehicle or defects/inconsistencies in the vehicle on which the product or component is fitted. Liability for direct, indirect, special, punitive, incidental, exemplary, contractual or consequential damage or loss arising from defects, faulty materials or design omissions or negligence or workmanship in the product or its components is hereby expressly excluded subject to the following. Certain Commonwealth legislation, including the Competition and Consumer Act 2010 (Cth), and other State and Territorial legislation confers upon purchasers rights which cannot be excluded from or be restricted or modified by contract. Any conditions, guarantees and/or warranties implied by law and incapable of exclusion are deemed to be expressly incorporated herein. Nothing herein contained is intended nor shall be permitted to be inconsistent with any such conditions, guarantees and/or warranties. To the extent permitted by legislation all conditions, guarantees and/or warranties such as implied warranties which are capable of exclusion are hereby expressly excluded and negated.

ADDITIONAL INFORMATION (AUSTRALIA)

This information should be read in conjunction with clauses (a) and (b).

IMPORTANT LEGAL NOTICE

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

This warranty does not change or take away your rights under the Australian Consumer Law. Your right to claim under this policy for the benefits covered is in addition to other rights and remedies you have under the law in relation to the product.

Where you become aware of defects in materials or of workmanship, and wish to make a claim under this warranty you must do the following for the warranty to be honoured by your Prorack dealer or Yakima Australia Pty Ltd ABN 58 154 440 221 (Yakima):

1. Make a claim as soon as practicable by contacting the Prorack dealer from whom you purchased the product, who will give you instructions on how to proceed.
2. If you are unable to contact the Prorack dealer, or the dealer is not able to remedy the defect, you should contact Yakima as soon as practicable at:

Call: 0800 4776 722 (NZ) or 1800 143 548 (AU)

Email: warranty@yakima.co.nz or warranty@yakima.com.au

Alternately, you can write to Yakima at 17 Hinkler Court, Brendale QLD Australia 4500 in order to make a claim under your warranty.

3. Upon contacting Yakima directly, you should explain as fully as possible the defect. A Yakima representative will provide you with appropriate instructions for returning the product together with a copy of the original purchase invoice or receipt to Yakima.
4. The costs and expenses associated with making a claim under your warranty including the costs of complying with those instructions and of returning the product to Yakima or the Prorack dealer will be borne by you. Following receipt of the product and purchase invoice or receipt, Yakima or the Prorack dealer must inspect the product to determine whether the claim falls within the warranty. If:
 - 4.1 the claim falls within the warranty, Yakima will remedy any defects in materials or workmanship becoming apparent during the warranty period, by replacing or repairing any defective product or component (at its option) free of charge to the purchaser in respect of replacement parts or labour.
 - 4.2 the claim does not fall within the warranty, Yakima will return the product to you at your expense.

prorack *Porte-vélo à retenue par le cadre*

FRANÇAIS

DISTANCE ENTRE LES BARRES TRANSVERSALES DU PORTE-BAGAGE

1 ou 2 vélos...mini. 41 cm (16 po) - maxi. 97 cm (38 po)

PLUS DE 2 VÉLOS SUR BARRES RONDÉS OU CARRÉES SEULEMENT :

3 vélos et +.....mini. 46 cm (18 po) - maxi. 97 cm (38 po)

LIMITES DE POIDS SUR LES BARRES D'ORIGINE

2 vélos = CHARGE MAXIMALE

CHAQUE VÉLO = 14 kg (30 lb)

(NE PAS DÉPASSER LA LIMITE DE CHARGEMENT DU PORTE-BAGAGES)

BARRES D'ORIGINE ET AERO

Quincaillerie de montage universel

AVERTISSEMENT IMPORTANT : IL EST IMPÉRATIF QUE LES PORTE-BAGAGES ET LES ACCESSOIRES PRORACK SOIENT CORRECTEMENT ET SOLIDEMENT FIXÉS AU VÉHICULE. UN MONTAGE MAL RÉALISÉ POURRAIT PROVOQUER UN ACCIDENT D'AUTOMOBILE, ET ENTRAÎNER DES BLESSURES GRAVES OU MÊME LA MORT, À VOUS OU À D'AUTRES PERSONNES. VOUS ÊTES RESPONSABLE DE L'INSTALLATION DU PORTE-BAGAGES ET DES ACCESSOIRES SUR VOTRE VÉHICULE, D'EN VÉRIFIER LA SOLIDITÉ AVANT DE PRENDRE LA ROUTE ET DE LES INSPECTER RÉGULIÈREMENT POUR EN CONTRÔLER L'ÉTAT, L'AJUSTEMENT ET L'USURE. VOUS DEVEZ DONC LIRE ATTENTIVEMENT TOUTES LES INSTRUCTIONS ET TOUS LES AVERTISSEMENTS ACCOMPAGNANT VOTRE PRODUIT PRORACK AVANT DE L'INSTALLER ET DE L'UTILISER. SI VOUS NE COMPRENEZ PAS TOUTES LES INSTRUCTIONS ET TOUS LES AVERTISSEMENTS, OU SI VOUS N'AVEZ PAS DE COMPÉTENCES EN MÉCANIQUE ET NE COMPRENEZ PAS PARFAITEMENT LA MÉTHODE DE MONTAGE, VOUS DEVRIEZ FAIRE INSTALLER LE PRODUIT PAR UN PROFESSIONNEL, COMME UN MÉCANICIEN OU UN CARROSSIER COMPÉTENT.

1 Poser les garnitures sur un jeu d'adaptateurs.

Enfoncer une garniture dans la petite mâchoire inférieure (marquée "A").

Enfoncer une garniture dans la mâchoire supérieure. (Il faudra peut-être tourner la garniture pour qu'elle s'engage bien.)

2 Réunir la petite mâchoire inférieure et la mâchoire supérieure.

Employer la fente d'articulation supérieure de la mâchoire supérieure.

MÂCHOIRE SUPÉRIEURE

MÂCHOIRE INFÉRIEURE

3 Placer l'adaptateur sur la barre, avec l'ouverture tournée vers l'avant du véhicule.

- Refermer et appuyer l'adaptateur sur la barre.
- Enfiler un boulon hexagonal court dans l'ouverture hexagonale d'un barillet et ensuite dans l'adaptateur.

Le filetage du boulon doit OBLIGATOIREMENT dépasser sous la mâchoire inférieure.

SI LE FILETAGE DU BOULON NE DÉPASSE PAS SOUS LA MÂCHOIRE, enlever la mâchoire inférieure et la réinstaller dans la fente inférieure.

Toujours employer le boulon court avec la petite mâchoire, et le boulon long avec la grande mâchoire.

4 Si le filetage du boulon ne dépasse toujours pas sous la mâchoire fermée :

- Employer la grande mâchoire inférieure (marquée "B") et un boulon long.
- Recommencer les opérations 2 et 3.

Pour cet ajustage, il faut toujours que la garniture soit en place sur la mâchoire inférieure.

5 Installer la molette :

S'il y a du jeu, ou si l'adaptateur glisse sur la barre, reprendre le processus de préparation.

Reprendre le processus de préparation jusqu'à ce que l'adaptateur pour barres d'origine s'ajuste bien à la taille de la barre quand on serre la molette.

6 Une fois l'adaptateur bien ajusté, l'enlever de la barre.

- Assembler les autres adaptateurs et les mettre de côté soigneusement.
- Ne pas jeter les pièces qui ne servent pas : elles pourraient être utiles si l'on change de véhicule.

7 Poser le bouton gris.

- Choisir si l'on voudra y accéder depuis le côté du passager ou du conducteur.
- Le bouton gris devrait être face à soi quand le porte-vélo sera monté sur le profilé.

8

- Placer le barillet de guidage dans un des trous de la mâchoire.
- Enfiler la tige filetée du bouton gris dans le barillet de guidage.

9

- Placer le BARILLET FILETÉ dans l'autre trou de la mâchoire.
- Placer le ressort entre le barillet fileté et le barillet de guidage.
- Enfiler la tige filetée du bouton rouge à travers le ressort et dans le barillet fileté.

10

Tourner le bouton gris vers la droite pour l'engager dans le barillet fileté.

11 Serrer le bouton jusqu'à ce que le bout de la tige filetée sorte de l'autre côté.

12 On peut s'aider d'une pièce de monnaie ou d'une clé.

On peut s'aider d'une pièce de monnaie ou d'une clé.

13 Ouvrir les mâchoires complètement.

14 Réunir le profilé à l'arceau.

- Engager la tête du boulon court dans la rainure qui se trouve sous le profilé et faire coulisser le boulon de 20 cm (8 po).
- À l'aide des rondelles et de l'écrou papillon, fixer l'ensemble arceau/plaque d'articulation sur le boulon.
- Engager le boulon du profilé dans la rainure, par l'autre bout du profilé.

POUR CERTAINS VÉLOS DE PETITE TAILLE — S'il faut placer les sangles de roues entre les barres transversales, les engager maintenant sur le profilé.

VÉLOS DE TAILLE NORMALE :
Les sangles de roues se placent à l'extérieur des barres transversales après l'opération 16.

VÉLOS DE PETITE TAILLE SEULEMENT :
enfiler les sangles de roue ouvertes sur le profilé avec le bouton rouge tourné vers soi.

15 Réunir l'ensemble profilé/arceau avec la quincaillerie de montage universel.

Avant de continuer, enlever la garniture supérieure.

BOULON À TÊTE BOMBÉE LONG

(Plaque d'articulation du porte-vélo)

ENTRETOISE

mâchoire supérieure

ÉCROU

GARNITURE SUPÉRIEURE

- Enfiler un boulon à tête bombée long à travers la plaque d'articulation du porte-vélo.
- Ajouter l'entretoise entre la plaque d'articulation et la mâchoire supérieure, et la fixer avec l'écrou.
- Serrer avec la clé fournie.
- Remettre la garniture supérieure en place.

ARRIÈRE DU PROFILÉ DE ROUE : Employer le boulon à tête bombée court.

POSITION DE L'ENTRETOISE:—

Si les barres transversales sont inclinées et que l'entretoise ne porte pas à plat contre la plaque d'articulation, desserrer le boulon à tête bombée et tourner l'entretoise au besoin. Il faudra enlever la garniture ; veiller à la replacer une fois le boulon serré.

16 INSTALLER LES SANGLES DE ROUE *(si elles ne le sont pas déjà)*

Enfiler les sangles de roue ouvertes sur le profilé avec le bouton rouge tourné vers soi.

17 POSER LES GARNITURE D'EXTRÉMITÉ DU PROFILÉ

CHARGER ET ARRIMER LE VÉLO - POIDS MAXIMAL DU VÉLO : 14 kg (30 lb)

18

Avec l'arceau couché entre les roues, poser la bicyclette dans le profilé.

REMARQUE:
La roue avant du vélo doit se trouver dans l'arceau.

19

Soulever l'arceau et faire rouler le vélo vers l'avant pour engager les mâchoires sur le tube diagonal.

20

En position ouverte, les mâchoires devraient laisser passer le tube diagonal. Les mâchoires du porte-vélo peuvent être placées au-dessus ou au-dessous de la plupart des accessoires, comme un porte-bouteille.

Pour éviter d'user la peinture, nettoyer la surface de contact sur le cadre avant de serrer les mâchoires.

Il faudra peut-être enlever CERTAINS accessoires montés sur le tube diagonal pour pouvoir mettre les mâchoires en place.

21 SERRER LE BOUTON GRIS.

Ne pas trop serrer !

22

Passer les sangles entre les rayons des roues avant et arrière.

Ne pas laisser la sangle appuyer contre la tige de la valve.

23 BLOQUER LES SANGLES.

- Glisser le bout de la sangle derrière le levier rouge.
- Serrer la sangle en relevant le levier gris plusieurs fois.

Ne pas trop serrer les sangles!

- ### 24
- Si la roue a encore du jeu dans le profilé, faire glisser la sangle dans le profilé pour qu'elle porte contre la jante.
 - SERRER DE NOUVEAU.

25 DÉCHARGEMENT DU VÉLO

Pour libérer la sangle, appuyer sur le bouton gris.

Desserrer le bouton gris et faire rouler le vélo vers l'arrière pour le sortir de l'arceau.

26 AVANT DE PRENDRE LA ROUTE :

- Vérifier le bouton rouge.
- Vérifier les deux sangles de roue.
- LES SERRER AU BESOIN.

Ne pas trop serrer !

La conduite hors route n'est pas recommandée : cela pourrait endommager le véhicule ou le vélo.

NE PAS TRANSPORTER DE BICYCLETTES munies d'un siège de bébé, de sacoches, de housses de roues, d'une housse de vélo complète ou de moteur.

ADAPTATEURS POUR BARRES D'ORIGINE (BARRES D'ORIGINE SEULEMENT)

POUR ENLEVER LE PORTE-VÉLO

Dévisser les molettes et enlever délicatement l'accessoire de la voiture.

POUR REMETTRE LE PORTE-VÉLO EN PLACE

- Serrer soigneusement les molettes après avoir remis l'accessoire en place.
- APRES CHAQUE REMONTAGE, EFFECTUER LES CONTRÔLES DE SÉCURITÉ FIGURANT DANS LES INSTRUCTIONS ACCOMPAGNANT L'ACCESSOIRE.

HAYON

Certaines charges longues peuvent gêner l'ouverture du hayon.

TOUJOURS OUVRIR LE HAYON AVEC PRUDENCE.

ANTENNE

Il faudra peut-être enlever l'antenne du toit si elle entre en contact avec une charge longue.

ATTENTION: S'ASSURER QUE LE MONTAGE EST SOLIDE ET CONFORME AUX INSTRUCTIONS. LES DISPOSITIFS DE FIXATION PEUVENT SE DESSERRER À LA LONGUE. LES INSPECTER AVANT CHAQUE UTILISATION ET LES RESSERRER AU BESOIN.

ENTRETIEN : lubrifier les boulons avec un lubrifiant non soluble à l'eau. Nettoyer les pièces en plastique avec un chiffon, de l'eau et un savon doux.

ENLEVER L'ACCESSOIRE AVANT DE PASSER DANS UN LAVE-AUTO AUTOMATIQUE.

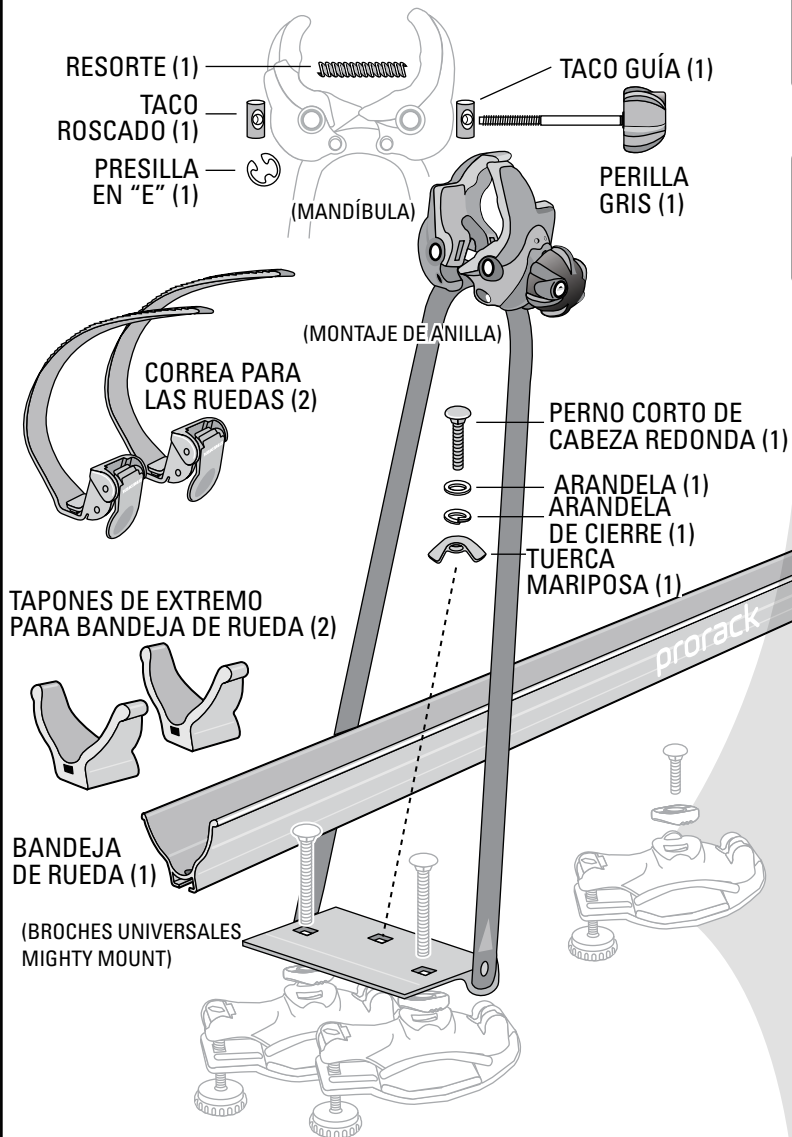

RENSEIGNEMENTS TECHNIQUES OU PIÈCES DE RECHANGE, prière de contacter votre dépositaire ou appeler au (888) 925-4621, du lundi au vendredi entre 7h et 17h, heure du Pacifique.

Garantie de trois ans

GARANTIE LIMITÉE: Prorack Products ("Prorack") s'engage à réparer ou à remplacer les produits qui présenteraient des vices de matériau ou de fabrication. Cette garantie limitée a une durée de trois ans à partir de la date d'achat. Cette garantie limitée ne s'applique que si les instructions ont été respectées et si les produits ont été utilisés normalement. Si le client estime

qu'un produit Prorack est défectueux, le client doit le retourner à un dépositaire Prorack autorisé, accompagné de la preuve d'achat. Prorack autorisera alors le dépositaire à retourner le produit. Si, après inspection, Prorack juge le produit défectueux, Prorack réparera ou remplacera le produit, à sa discrétion et sans frais. Le client devra assumer les frais de transport jusqu'à Prorack et Prorack assumera les frais de retour au client. Les retours non autorisés ne seront pas acceptés. Cette garantie limitée ne couvre pas l'usure normale des produits Prorack ou les dommages résultant d'un usage abusif, d'un accident ou de modifications aux produits. L'acheteur reconnaît que Prorack n'a aucun contrôle sur la façon dont ses produits sont fixés aux véhicules, ou dont les articles transportés sont fixés aux produits Prorack. Il s'ensuit que Prorack ne peut assumer de responsabilité pour des dommages matériels consécutifs au mauvais montage ou au mauvais emploi de ses produits. De plus, la présente garantie limitée n'est pas transférable et ne s'applique qu'aux produits Prorack et non à d'autres produits utilisés conjointement aux produits Prorack. Cette garantie limitée remplace toute autre garantie, expresse ou tacite, et ne couvre pas d'éventuels dommages indirects pouvant survenir par suite de l'emploi, correct ou non, des produits Prorack.

CONSERVEZ CES INSTRUCTIONS!

SEPARACIÓN ENTRE LAS BARRAS DE TECHO:

(DISTANCIA ENTRE LAS TORRES)

1 ó 2 bicicletas..... 16 pulg.(41cm) mín.-38 pulg.(97cm) máx.

MÁS DE 2 BICICLETAS ÚNICAMENTE SOBRE BARRAS REDONDAS O CUADRADAS:

3+ bicicletas.....18 pulg. (46cm) mín.-38 pulg. máx.

LÍMITES DE PESO DE LAS BARRAS DE FÁBRICA

2 bicicletas = CARGA MÁXIMA

CADA BICICLETA = 30 libras / 14 kg

(NO EXCEDER EL PESO LÍMITE DEL RIEL)

AVISO IMPORTANTE:

ES FUNDAMENTAL QUE TODAS LAS PARRILLAS Y ACCESORIOS PRORACK ESTÉN BIEN COLOCADOS Y ASEGURADOS AL VEHÍCULO. UNA INSTALACIÓN DEFICIENTE PODRÍA PROVOCAR ACCIDENTES Y CAUSAR GRAVES HERIDAS CORPORALES O MUERTE A USTED O A TERCEROS. USTED ES RESPONSABLE DE ASEGURAR LAS PARRILLAS Y ACCESORIOS DEL VEHÍCULO, VERIFICAR LOS AJUSTES ANTES DE USAR E INSPECCIONAR PERIÓDICAMENTE LOS PRODUCTOS PARA COMPROBAR EL AJUSTE, EL DESGASTE Y POSIBLES DAÑOS. POR ELLO, DEBE LEER Y COMPRENDER TODAS LAS INSTRUCCIONES Y ADVERTENCIAS QUE VIENEN CON SUS PRODUCTOS PRORACK ANTES DE INSTALARLOS O USARLOS. SI NO ENTIENDE TODAS LAS INSTRUCCIONES Y ADVERTENCIAS, O NO TIENE EXPERIENCIA MECÁNICA Y NO ESTÁ PLENAMENTE FAMILIARIZADO CON LOS PROCEDIMIENTOS DE INSTALACIÓN, HAGA INSTALAR EL PRODUCTO POR UN PROFESIONAL EN UN GARAGE CONOCIDO O EN UN TALLER DE CARROCERÍA.

1 Instale las almohadillas a un juego de broches.

Coloque una almohadilla, presionándola en el estribo más pequeño ("A").

Coloque una almohadilla, presionándola en el elemento principal. (Es probable que necesite girar la almohadilla para que encaje correctamente).

2 Una el estribo pequeño al elemento principal.

Utilice la ranura superior de bisagra en el elemento principal.

ELEMENTO PRINCIPAL

ESTRIBO

3 Coloque el broche en la barra con la abertura hacia la parte delantera del vehículo.

- Cierre y presione el broche alrededor de la barra.
- Inserte un perno corto de cabeza hexagonal por el agujero hexagonal en el manguito cilíndrico y luego por el broche.

Los filetes del perno tienen que sobresalir por debajo del estribo cerrado.

SI LOS PERNOS NO SOBRESALEN, retire el estribo y coloque el extremo en la ranura inferior.

Siempre utilice los pernos cortos con los estribos pequeños y los largos con los estribos grandes.

4 Si los filetes del perno siguen sin sobresalir por debajo del estribo cerrado:

- Utilice el estribo más grande ("B") con un perno más largo.
- Repita los pasos 2 y 3.

Para este proceso de ajuste, siempre instale la almohadilla en el estribo.

5 Coloque la ruedita de pulgar:

Si hay juego o los broches se deslizan por la barra, repita nuevamente los pasos del proceso de ajuste.

Repita el proceso de ajuste hasta que la fijación para barras de fábrica quede ajustada al tamaño de las barras de techo, una vez que la ruedita está apretada.

6 Retire el broche adaptado de la barra.

- Ensamble los broches restantes y póngalos a un lado cuidadosamente.
- No deseche las piezas sin usar (podría necesitarlas para otros vehículos).

7 Instale la perilla gris.

- Escoja el acceso desde el lado del pasajero o del conductor.
- La perilla gris debe quedar mirando hacia usted cuando el portabiciqueta está sujeto a la bandeja de rueda.

- ## 8
- Coloque el taco guía en el orificio de uno de los lados de las mandíbulas.
 - Deslice la parte roscada del tornillo de la perilla gris a través del taco guía.

- ## 9
- Inserte el taco roscado en el otro agujero.
 - Coloque el resorte entre el taco guía y el roscado.
 - Deslice la perilla por el resorte y dentro del taco roscado.

- ## 10
- Gire la perilla roja hacia la derecha para que entre en el taco roscado.

- ## 11
- Ajuste completamente la perilla hasta que se vea el extremo roscado.

- ## 12
- Deslice la presilla en "E" en la ranura del extremo.

Puede hacer palanca con la ayuda de una moneda o llave.

- ## 13
- Abra completamente la perilla gris.

14 Sujete la bandeja de rueda al montaje de anilla.

- Inserte el perno para placa base con cabeza de 8 pulg. por la ranura de la bandeja de rueda.
- Use las arandelas y la tuerca mariposa para sujetar la placa base de la anilla con este perno.
- Deslice el perno de la bandeja de rueda en el riel en el otro extremo de la bandeja.

EN ALGUNAS BICICLETAS MÁS PEQUEÑAS:
Si es necesario que las correas de rueda queden entre las barras de techo, deslícelas ahora sobre la bandeja de rueda.

BICICLETAS ESTÁNDARES:
Instale las correas de rueda fuera de las barras de techo después del paso 16.

ÚNICAMENTE PARA BICICLETAS MÁS PEQUEÑAS:

Deslice las correas para las ruedas abiertas por la bandeja de rueda con los botones rojos mirando hacia usted.

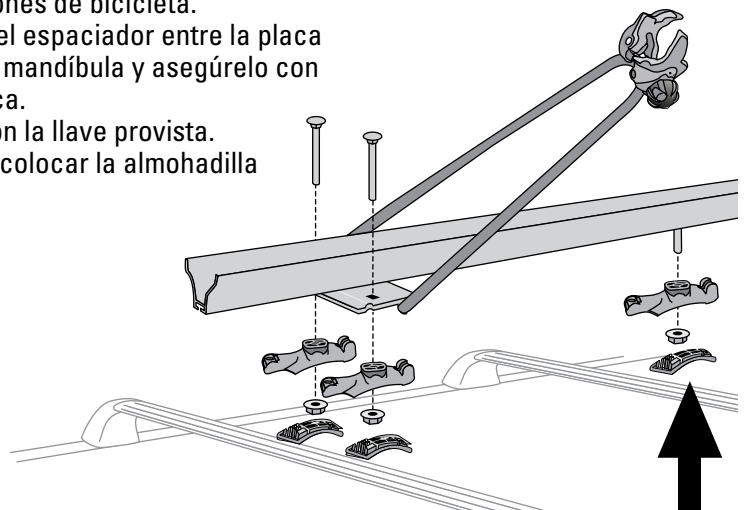

15 ARME EL CONJUNTO BANDEJA/ANILLA CON LOS ACCESORIOS DE MONTAJE UNIVERSALES.

Retire las almohadillas superiores antes de continuar.

- Introduzca un perno largo de cabeza redonda a través de la placa base de las fijaciones de bicicleta.
- Coloque el espaciador entre la placa base y la mandíbula y asegúrelo con una tuerca.
- Ajuste con la llave provista.
- Vuelva a colocar la almohadilla superior.

LA BANDEJA DE RUEDA TRASERA necesita el perno corto de cabeza redonda.

UBICACIÓN DEL ESPACIADOR:

Si las barras de techo son en ángulo y el espaciador no asienta de manera plana contra la placa base, afloje el tornillo cabeza de hongo y gire el espaciador lo que sea necesario. Deberá quitar la almohadilla. Asegúrese de ponerla de nuevo una vez que el tornillo está ajustado.

16 Instale las correas para las ruedas (si no las instaló antes)

Deslice las correas para las ruedas abiertas por la bandeja de rueda con los botones rojos hacia usted.

17 Instale los tapones de extremo para bandeja de rueda

CARGUE Y SUJETE SU BICICLETA (EL LÍMITE DE PESO DE LA BICICLETA ES 30 LIBRAS)

18

Coloque la bicicleta en la bandeja de rueda con la anilla horizontal entre las ruedas.

NOTA:

La rueda delantera de la bicicleta debe quedar dentro de la anilla.

19

Levante la anilla y empuje la bicicleta hacia delante de manera que las mandíbulas toquen el tubo inferior.

20 En la posición abierta, las mandíbulas no deben tocar el tubo diagonal del cuadro de la bicicleta.

El portabiciqueta se puede montar por encima o por debajo de la mayoría de los accesorios, tal como los portabotellas de agua.

Para evitar que la pintura se dañe, limpie los puntos de contacto en el cuadro antes de ajustar las mandíbulas.

Si las mandíbulas no pueden colocarse por encima o por debajo de **ALGUNOS** accesorios que van en el tubo inferior, deberá sacarlos.

21 Apriete la perilla gris.

¡No ajuste demasiado!

22 Pase la correa por los rayos de las ruedas delanteras y traseras.

No deje que la correa presione la válvula.

23 Cierre las correas.

- Inserte el extremo de la correa detrás de la lengüeta roja.
- AJUSTE la correa, levantando varias veces la lengüeta.

¡No ajuste demasiado la correa!

- Si la rueda todavía queda floja en la bandeja, deslice la correa en la bandeja hasta apoyarla contra la llanta.
- AJUSTE OTRA VEZ.

25 Para des cargar la bicicleta:

Para liberar la correa, oprima el botón gris.

Desenrosque la perilla gris y saque la bicicleta fuera de la anilla.

26 Antes de salir de viaje.

- Revise la perilla.
- Revise las dos correas de rueda.
- AJUSTE SI ES NECESARIO.

¡No ajuste demasiado!

No se recomienda conducir fuera de la ruta pues el vehículo o la bicicleta podrían dañarse.

NO TRANSPORTE BICICLETAS CON asientos para bebés, cestas, guardabarros, cubrebicicletas completas o motores.

Fijaciones para barras de fábrica (únicamente para barras transversales de fábrica).

PARA DESINSTALAR EL PORTABICICLETA

Desensrosque las rueditas pulgar y saque el accesorio del vehículo con cuidado.

PARA REINSTALAR EL PORTABICICLETA

- Ajuste con cuidado las rueditas pulgar luego de la reinstalación.
- EN CADA INSTALACIÓN, HAGA LAS REVISIONES DE SEGURIDAD DE LAS INSTRUCCIONES DE LOS ACCESORIOS.

PUERTA TRASERA

Algunas cargas largas podrían impedir la abertura completa de la puerta trasera.

SIEMPRE TOMA TODAS LAS PRECAUCIONES NECESARIAS AL ABRIR LA PUERTA TRASERA.

ANTENA

Podría necesitar sacar la antena del techo, para evitar interferencia con las cargas largas.

ADVERTENCIA: CERCÍOARSE DE QUE TODO EL HERRAJE ESTÉ ASEGURADO SEGÚN LAS INSTRUCCIONES. EL HERRAJE DE SUJECIÓN PUEDE AFLOJARSE CON EL TIEMPO. VERIFIQUELO ANTES DE CADA USO Y AJÚSTELO SI ES NECESARIO.

MANTENIMIENTO: Use lubricante no soluble en agua para los tornillos. Use un paño suave y humedecido con agua y detergente suave para limpiar las piezas de plástico.

RETIRE LOS ACCESORIOS ANTES DE ENTRAR A UN ESTABLECIMIENTO PARA LAVADO AUTOMÁTICO DE VEHÍCULOS.

ASISTENCIA TÉCNICA O PIEZAS DE REPUESTO:

Comuníquese con su concesionario o llame al (888) 925-4621, de lunes a viernes, entre las 7.00 y las 17.00 horas, hora estándar del Pacífico.

Garantía de tres años

GARANTÍA LIMITADA: Prorack Products ("Prorack") se compromete a reparar o reemplazar la mercancía que presente defectos de materiales y/o de fabricación. Esta garantía limitada es válida por tres años contados desde la fecha de compra. La garantía limitada es aplicable solamente si se han seguido las instrucciones de instalación y si el producto se ha usado en la forma debida. Si un cliente cree que un producto Prorack está defectuoso, el

cliente debe devolver dicho producto a un representante autorizado de Prorack, adjuntando la prueba de compra. Prorack dará entonces autorización a dicho representante para devolver el producto. Si al inspeccionar el producto Prorack encuentra que en realidad está defectuoso, Prorack reparará o reemplazará el artículo defectuoso a su discreción, sin cargo alguno para el cliente. El cliente se compromete a pagar por el flete para enviar el producto y Prorack pagará el flete que corresponda para devolver dicho producto al cliente. No se aceptarán devoluciones no autorizadas. Esta garantía limitada no cubre el desgaste normal de los productos Prorack, ni los daños resultantes de un uso inadecuado, accidentes o alteraciones. El comprador reconoce que Prorack no tiene ningún control sobre la forma en que sus productos han sido instalados en los vehículos o sobre la fijación de otros artículos a los productos Prorack. Por consiguiente, Prorack no asume responsabilidad alguna por daños a la propiedad resultantes de una fijación mal hecha o del uso inapropiado de sus productos. Además, esta garantía limitada es no transferible y se aplica únicamente a los productos Prorack y no a otros productos usados en conjunto con los productos Prorack. Esta garantía limitada reemplaza toda otra garantía, explícita o implícita y no cubre daños consecuentes de ninguna clase que puedan resultar del uso correcto o incorrecto de cualquier producto Prorack.
