

ROAD BIKE ADAPTER

Since the Yakima wheel trays are designed to accommodate a large range of wheel and tire sizes, a small road bike rim may appear loose in the wheel tray. Using the road bike adapter in combination with the hold-down strap will provide a snug fit for smaller, narrower rims and tires.

Refer to Fig. A when installing the Road Bike Adapters onto the wheel straps.

WARRANTY Yakima is not responsible for the attachment of the rack or accessories to any vehicle, and is not liable for any damages resulting from its attachment or use. The liability of the manufacturer is limited to the purchase price of the merchandise which proves defective in materials and/or workmanship. Yakima guarantees its product against defects in material and workmanship for a period of one year from the date of purchase. This guarantee is applicable only if instructions are followed and the product is properly used. This guarantee does not cover normal wear and tear or damage resulting from misuse, accidents or alterations. If an article is thought to be defective, the customer shall return it to an authorized Yakima dealer with proof of purchase. Yakima will then issue authorization to the dealer for its return to Yakima. If an article is found to be defective upon inspection by Yakima, we will repair or replace the article at our discretion without charge. Freight is not included. Unauthorized returns will not be accepted.
